

## Redeemer Evangelical Lutheran Church

Special Council Vote October 4, 2020

Having had time to review the proposal for a new church sign, the church council voted to approve the motion to replace the church sign with a new one.

The motion to replace the sign in the front of our church passed with seven members voting Yes and two members abstaining (did not vote).

The following comments / suggestions were also received:

1. We should look at possibilities to provide lighting on the sign
2. Should we use the Luther "Rose" or the Missouri Synod icon on the sign?
3. We should include the website address on the sign.

Bruce Holderbein said that he would send a picture of the final version to the council with any changes pursuant to the above recommendations.

Attached are the responses from the council members. The following members voted yes:

Diane Scot  
Daryl Smith
